

Anna Frishman- Publications List

1. **Frishman, A.**, Boffetta, G., De Lillo, F., & Liberzon, A. "*Statistical conservation law in two- and three-dimensional turbulent flows.*" **Phys. Rev. E** 91.3, 033018, (2015).
2. **Frishman A.**, Grafke, T., and Falkovich G. "*Time irreversibility of the statistics of a single particle in compressible turbulence.*" **Phys. Rev. E** 91.4, 043022, (2015).
3. **Frishman A.** and Falkovich G. "*A new type of anomaly in turbulence*". **Phys. Rev. Lett.** 113.02, 024501, (2014).
4. Falkovich, G., and **Frishman A.** "*Single Flow Snapshot Reveals the Future and the Past of Pairs of Particles in Turbulence.*" **Phys. Rev. Lett.** 110.21 214502 (2013)
5. Berkooz, M., **Frishman A.**, and Zait A. "*Stability of rapidly rotating charged black holes in $AdS_5 \times S^5$.*" **Class. Quantum Grav.** 30.12, 125012 (2013).
6. Berkooz, M., **Frishman A.**, and Zait A. "*Degenerate rotating black holes, chiral CFTs and Fermi surfaces I—Analytic results for quasinormal modes.*" **J. High Energy Phys.** 2012.8, 1-41, (2012).

In preparation:

Frishman A., Laurie J., Falkovich G. "Jets or vortices - what flows are generated by an inverse turbulent cascade?"
