

# I am Visiting from another Institution

If you are a visitor or guest from another institution, and your institution is in the eduroam network, connect using **eduroam**.

Note: For best results, you should have first authenticated to eduroam at your home institution prior to visiting Princeton.

## Steps

Before leaving your home institution:

1. Configure your device use **eduroam**. This will be helpful in case you require assistance from your home institution's IT support.

Upon arrival at Princeton:

1. Select **eduroam** from your device's available wifi networks
2. Your device should authenticate to **eduroam** seamlessly.

If someone can't use Eduroam (the preferred network), they can register their computer to use the puvisitor network here:

[https://quest.princeton.edu/guest/guest\\_main\\_landing.php](https://quest.princeton.edu/guest/guest_main_landing.php)

# I am an Alumni, Visitor or Guest

Alumni, visitors and guests may connect to wireless via puvisitor. When you attempt to connect, you will be directed to a registration portal. All visitors are required to register using a valid email address or cell phone number. Once you log into the portal, you may use puvisitor for 13 months.

## Steps

1. Enter your name. Your mobile phone number is optional.
2. Enter a valid email address. **We will send your password to this email address.**
3. Read and accept the terms of use.
